
Community Health Initiative Scheme

The Adelaide Health Foundation exists to advance healthcare, seeking to ensure that healthcare is available to all based upon health needs and not on financial means. The Foundation believes in “**Just Caring**” which embraces both our ethic of care and our ethic of justice.

Under the Adelaide Health Foundation’s *Community Health Initiative Scheme* (CHIS) we aim to assist local community healthcare organisations which specifically provide a service or supports within the healthcare field.

Under the CHIS, grants up to €5,000 can be awarded. Grants can be used for one specific purpose or divided between projects. All submissions must take into account the criteria outlined below.
