OUR VISION

To be an independent not-for-profit health foundation that seeks to advance healthcare in a way that:

- Is centred upon the dignity of every human being.
- Treats mind, body and spirit holistically.
- Provides equal access to healthcare based upon the basis of need.

OUR MISSION

A voluntary Foundation committed to supporting education, policy and research to advance and promote equitable health & healthcare in Ireland, with a particular focus on Tallaght University Hospital and the community it serves.

OUR VALUES

- Equal access to quality healthcare for all.
- Respect for the patient’s dignity, and their right to self-determination over their healthcare.
- Independence in opinion and action of the Foundation and Medical Practitioners, including but not confined to the fields of ethics and genetics.
- Support public and patient involvement in health and wellbeing.
- Support Tallaght University Hospital, as a voluntary hospital, and the community it serves.
- Evidence-based healthcare provision.
- The promotion of excellence in health education and research.

On behalf of my fellow Directors of the Adelaide Health Foundation I am pleased to present our Annual Report.

As I reflect on the end of my first year as Chair of the Adelaide Health Foundation, it is very clear to me that the 1997 Green Paper – Supporting Voluntary Activity – is more relevant now than ever. This Green Paper stated that “An active voluntary and community sector contributes to a democratic, pluralist society.” The important role played by the Adelaide Health Foundation, and many other voluntary organisations in the healthcare sector, should not be underestimated by the Government as it conducts its present review of voluntary organisations. We are currently working with the Meath Foundation and with the Hospital in response to the Independent Review Group appointed by the Minister for Health to examine the role of voluntary organisations in the operation of personal social services in Ireland. The Adelaide Health Foundation has played a most important role within this voluntary sector consistently over many years. This has been and is captured within the Vision, Mission and Values, brought together within our strategy and strategic plan.

The Vision, Mission and Values have recently been reviewed, reaffirming that these three remain a constant for our Foundation, though we did freshen some of the language used. This gave us the opportunity to consider our objectives within our strategic plan, bearing in mind our duties as Directors to maintain and enhance good governance along with our fiduciary obligations.

We as the Adelaide Health Foundation continue to support our historical core activities in keeping with our mission. These are demonstrated through:

- Nursing scholarships for Continuous Professional Development
- Assignment and Support of student nurses through the CAO and Trinity College
- Bursaries for student nurses
- Support for Research on Integrated Care
- Support for new initiatives both within the hospital and within the community

To enable the Adelaide Health Foundation to continue to meet the objectives enshrined in its core activities as outlined above, we must take due regard to managing our investment portfolio wisely so as to be able to continue these financial supports fully into the future. The monies earned from such investments are our main source of income and hence the prudent management of these investments is a key financial priority.

Recently the business name of the hospital was formally changed to Tallaght University Hospital. The change of title marks a significant milestone in the evolution of the Hospital, being more reflective of the Hospital’s position as one of the country’s leading academic teaching hospitals. The formal legal title of the Hospital remains in place.

An important upcoming change is the move of The National Children’s Hospital from Tallaght to the new Children’s Paediatric Hospital and the implications that such a move has for the current Hospital Charter. The original Charter of the Adelaide Hospital was drawn up in 1920, though the hospital had already served its community for eighty years prior to this. This Charter was amended
in 1996 to take account of the amalgamation of the Meath, Adelaide and the National Children’s Hospitals prior to the move to its current location in Tallaght. It now requires further amendments to enable the move to the new Children’s Hospital.

The Charter has served us well for almost a century and we are currently working with the Meath Foundation and Tallaght University Hospital on the amendments in order to preserve the best and most relevant sections for our patients, staff and the community we serve.

The Board strives to maintain best practice in its governance and the upholding of fiduciary, ethical and legal standards. For this I wish to thank all the members of the Foundation Board and in particular the Chairs of the sub-groups who are so generous of their time and their commitment to the Foundation. I extend our formal thanks to former members of the Board and a warm welcome to newest member Peter Fitzpatrick. I thank Mark Varian who is the Foundation representative on the Tallaght University Hospital Board and Cathy Kelly who is our representative on the new Tallaght University Hospital Foundation.

On behalf of the Board thanks to Esther who manages the Foundation office.

Niamh Gavin, our Foundation Manager, juggles so well all the demands, and brings them together in her dealings and interactions with all the threads of the Adelaide Health Foundation in a most professional, effective and efficient way with grace, patience and courtesy. To her I extend my personal thanks and those of the Board.

Catherine Mac Daid, RGN, M.Sc.,
Chair

Adelaide Health Foundation
May 2018
During 2017, The Adelaide Health Foundation continued its programme of support for Nursing, Research, Hospital and Community projects, details of which are demonstrated throughout this report.

A key highlight of the year was the Foundation’s investment into Nursing Education reaching €1,000,000. Since 1996, the Foundation has supported almost 500 student nurses through the Bursary scheme and the figures applying for this support are increasing year on year.

Commitment to health policy development continued in 2017 and a main focus of the Adelaide Health Policy Programme during the year was research into Integrated Care. A well-attended stakeholder workshop was delivered in September, and the Foundations, work in this area continues into 2018.

There was a strong internal focus during the year. As referenced in the Chair’s Report, the Foundation’s Mission and Values have been revisited. This strategic focus will help shape the programme of work for the next 3 years. The Strategic Plan is supported by the Board’s prudent management of the investment portfolio, and strong performance in 2017 will enable support for the hospital and the community to continue and expand.

A Governance sub-group was established early in 2017, with a busy programme of work which continues into 2018. Significantly, the Charities Regulator has recently announced that they will publish Ireland’s first code of governance for charities later in 2018. Good governance (meaning an organisation will design and put in place policies and procedures that will make sure the organisation runs effectively) is a key requirement of all charities, and the Foundation Board take their governance responsibilities very seriously.

Alongside the work on the Charter, the Foundation are taking the opportunity to review the original governing document [Memorandum and Articles of Association], which is outdated in places. A new Board sub-group structure has also been established, and an Annual Board away day has been introduced.

2017 was a busy and interesting year that passed quickly. Esther’s support and good nature is invaluable, both for me and all those she engages with.

I would like to thank the Chair and the Board of the Foundation for their support, as the demands made on them can at times be onerous. Their active interest, willingness and engagement enabled much ground to be covered in 2017.

Outside of our office walls, it is a pleasure to interact with the many people and departments we cross paths with during the course of our work within the Hospital. The Foundation’s members and supporters continue to actively engage, demonstrating a strong connection with the ethos of the Foundation and the Hospital.

With very best wishes

Niamh
STRUCURE GOVERNANCE & MANAGEMENT

Legal and administrative details

The Adelaide Health Foundation is the business name of the Adelaide Hospital Society which was incorporated as a limited liability company (No 224404) on 9 November 1994 and is a recognised charity (CHY 11153) with its registered office at The Adelaide & Meath Hospital, Tallaght, Dublin 24.

Governance Structure

The Foundation is a company limited by guarantee without share capital. The governing document is a ‘Memorandum and Articles of Association’.

The Foundation is composed of Life and Annual Governors and is managed by a Board of Directors appointed from amongst its Governors. The Governors are appointed from the membership of the Foundation which is open to all who wish to support its work. Members pay an annual subscription to the Foundation. The Board also has power to co-opt any person to be a member of the Board.

The Adelaide Health Foundation had members in common with the Adelaide Hospital Incorporated until 31 July 1996 when the Hospital became a constituent Hospital of the Adelaide & Meath Hospital, Dublin incorporating the National Children’s Hospital (Tallaght University Hospital). The Foundation has the right to nominate 1 member to the Board of Tallaght University Hospital.

At December 2017 there were 17 Directors of the Board of the Adelaide Health Foundation. All Directors give of their time voluntarily. In addition to attending at Board Meetings, many Directors actively guide the work of the organisation through membership of Board sub-groups.

The Foundation’s sub-groups were restructured during 2017, and the following sub-groups are now in place until mid-2019:

• President’s Committee
• Investment sub-group
• Governance sub-group
• Finance & Audit sub-group
• Adelaide Health Policy Programme sub-group
• Support sub-group
• Education sub-group

There is a facility to convene ad-hoc sub-groups when required to consider particular projects, and there are currently two temporary sub-groups of the Board in place. These are focussed on Strategy and the Hospital Charter amendments.

All sub-groups have defined Terms of Reference and meeting frequency. Sub-group memberships includes at least two Board Directors, meetings are minuted and the Foundation Manager attends all meetings.

Board meetings take place five times a year, generally on the 2nd Monday of the month in which the meeting falls.

The AGM is held annually on the last Wednesday in May.

The organisation is managed on a day to day basis by the Foundation Manager, working with a part time administrator.

No-one in the organisation is paid a salary exceeding €71,000.
BOARD AND STAFF

Officers of the Board at 31 December 2017

President: Dr David Moore
Chair: Ms Catherine MacDaid

OBJECTIVES AND ACTIVITIES

Purpose and Activities

The Adelaide Health Foundation [AHF] is a voluntary charitable organisation which has as its principal object the advancement of healthcare.

The AHF is based in the Adelaide and Meath Hospital Dublin (Incorporating the National Children’s Hospital), known and referred to in this report as “Tallaght University Hospital”.

The AHF supports Tallaght University Hospital, evoking public support throughout Ireland for a public voluntary teaching hospital which provides the highest quality of healthcare to every denomination, fostering an inclusive approach to medical practice, treating every patient as they would wish.

The Adelaide Health Foundation’s Core Values

- Equal access to quality healthcare for all.
- Respect for the patient’s dignity, and their right to self-determination over their healthcare.
- Independence in opinion and action of the Foundation and Medical Practitioners, including but not confined to the fields of ethics and genetics.
- Support public and patient involvement in health and wellbeing.
- Support Tallaght University Hospital, as a voluntary hospital, and the community it serves.
- Evidence-based healthcare provision.
- The promotion of excellence in health education and research.

How the Foundation delivered on its Activities in 2017

Main Activities

During 2017, the AHF’s funding was expended across 4 main areas:
1. Support of Nursing Staff and Students
2. Adelaide Health Policy Programme
3. Healthcare Advancement Fund
4. Direct Healthcare Projects

Support of Nursing Staff & Students

Nursing Applications

A main focus of the AHF is to develop and support Nursing in Tallaght University Hospital. The Adelaide School of Nursing links with Trinity College and the Central Applications Offices [CAO], under a restricted nursing course. Applicants must firstly meet the CAO requirements for the course. Their demonstration of a number of key skills for nursing and an appreciation of the value and ethos of the AHF fulfils the additional layer. A sub-group of the Board evaluate all applications and make nominations to Trinity College. In 2017, 365 applicants were nominated to the Adelaide School of Nursing and, through the CAO, 31 students were admitted.

Nursing Bursaries

Bursaries to the value of €124,500 were awarded to new and continuing students in 2017. These bursaries are crucial to students in enabling them to undertake their nursing degree and receive their clinical training at Tallaght University Hospital.
Nursing Scholarships

Scholarships to the value of €8,500 were awarded in 2017:
• The 2017 Hannah McDowall Scholarship was awarded to Orlagh McConville for her distinguished performance in her first year TCD examinations.
• The Eileen Mansfield Scholarship was awarded to a team of 3 lecturers at the School of Nursing & Midwifery, namely Christina Lyndon, Dr Frances O’Brien and Dr Mary Mooney.
• The Caroline Sharkey Scholarship was awarded to Dr Margarita Corry
• The Dorothy & David Mitchell Scholarship was not awarded in 2017

2. Adelaide Health Policy Programme [AHPP]

In 2017, the AHF continued to commit substantial resources to the development of health policy. The AHPP is based in the Department of Public Health and Primary Care, Trinity College. In 2017, the Programme funded the salary of a Trinity Assistant Professor and part funded the salary of a Trinity PHD research student for work on Health Services Research. Research on Integrated Care was a main focus of the Programme in 2017. A video explaining the concept of Integrated Care was commissioned and produced and a collaborative workshop was held in September 2017, the output from which will be developed in 2018.

3. Healthcare Advancement Fund [HAF]

• In 2017, the AHF continued to fund the development and implementation of the Research Capacity of Clinical Nurse Specialists and Advanced Nurse Practitioners at Tallaght University Hospital.
• A study was funded for The School of Nursing and Midwifery [Trinity] to conduct research into healthcare chaplains and pastoral care workers’ experience of providing spiritual/pastoral support to patients and families from minority religious or non-religious groups in the Republic of Ireland.
• Funding was approved for clerical support for the Tallaght Vasculitis and Allergy Group to manage a clinical database of patients with rare vasculitic and allergic disorders, to enable application to the rare immune disorders European reference network.
• Funding was granted for the purchase of 4 high flow oxygen devices to ease pressure on ICU beds.

4. Direct Healthcare Projects

There are two streams of healthcare projects funding. The Community Healthcare Initiative Scheme funds projects in the local community and the New Initiatives Scheme funds projects in Tallaght University Hospital.

Community Healthcare Initiative Scheme

A number of applications were received for funding under the above Scheme and awards totalling €28,000 were made to the following organisations:

• Shanty Town (An Cosán) Educational Project
  To up-skill their counsellors through CPD courses.

• Tallaght Roma Integration Project (TRIP)
  To purchase a storage fridge for vaccinations.

• Enable Ireland Children Services (Tallaght)
  To furnish and decorate the waiting area for families attending appointments for group sessions at the clinic.
• **Tallaght Rehabilitation Project**
  To provide day training programmes and after service training to gender specific groups.

• **South Dublin County Partnership Programmes for Men’s Mini-Mojo**
  To run short term mental health education programmes for men in distress and also to run an after care social event for men who have been on the programme.

• **Tallaght Mental Health Association**
  To provide a supported socialisation group for all service users of the mental health services in Tallaght.

• **Kingswood/Kilnamanagh Active Age Club (Men)**
  To design and provide an ID card with relevant medical information for active age club members.

• **Saoirse Women’s Refuge**
  To provide an after-school programme for children living in refuge.

**New initiatives Scheme**

In 2017, the Foundation awarded grants totalling €21,286 to Hospital departments under the New Initiatives Scheme. Projects funded included:

- Embedding the Arts Programme within the Charlie O’Toole Day Hospital [Arts in Health Department].
- Inflammatory Bowel Disease School [Gastroenterology Department].

A small number of Education Grants were also awarded by the Foundation in 2017.

**Voluntary Assistance**

The traditional Patient Pound Day Fund remains at the disposal of the Foundation for patient comfort. In 2017, a Scalp Cooling System to prevent hair loss caused by certain chemotherapy drugs was funded for the Oncology Day Unit and the Charlie O’Toole Day Ward received funding for refurbishment.

Members, friends and supporters throughout Ireland support the work of the Foundation in a remarkable way, as well as parishes and local churches throughout Ireland.

Chair        Hon Treasurer
Report of the Adelaide Hospital Nurses’ League 2017

The AGM was held in The Marine Hotel, Sutton on Saturday 14th October 2017. The committee were re-elected for another year.

Ms Yvonne Seville presented Ms Hilary Daly with a bouquet of flowers on behalf of the League on her retirement as Director of Nursing at Tallaght Hospital. In her reply Hilary wished Ms Aine Lynch well in her new post.

The meeting was followed by a most enjoyable lunch with almost one hundred attendees present and many photos were taken with the mannequin dressed in the old Adelaide uniform as President attended the London Branch annual luncheon in the Sloane Club on 3rd May. It was a pleasure to meet up with Adelaide nurses now living in the UK.

The Benevolent Fund continues to support and assist members in times of need. This work is undertaken in strictest confidence and the committee are to be thanked for their continued good work in the distribution of the funds.

The AGM for 2018 will be held in The Celbridge Manor Hotel, Celbridge, Co Kildare on Saturday 13th October 2018.

NEWS

Tallaght University Hospital

The Hospital is the combination of three hospitals, bringing together over 600 years of medical and nursing care from different traditions. Taking the opportunity to strengthen its identity and branding as a leading major teaching academic embedded in the community in the delivery of quality health care, the Hospital’s new business name is Tallaght University Hospital.

The Crest was designed by the Office of the Chief Herald when the Hospital first opened in 1998 and remains an integral part of its identity as it incorporated the heritage of the Adelaide, Meath incorporating the National Children’s Hospital latterly known as Tallaght Hospital, and now Tallaght University Hospital.

There are a large number capital projects currently progressing on Hospital Campus, and plans for services being expanded into the community and the development around the Hospital as a health quarter in the South/West Dublin area. Projects include the Children’s Hospital Urgent Care Centre, building of the new Renal Dialysis unit and the real need to address the chronic bed capacity, as there are simply too few beds for the catchment area.

Appointment of End of Life Care Coordinator

Adelaide Health Foundation funding for this critical role within the Hospital means that patients and their families and friends can be supported during extremely difficult times.

The focus of the role is to lead, support and coordinate activities across a number of areas:

- **The Hospital** – that End of Life Care is central to the mission of Tallaght University Hospital.
- **The Staff** – that all staff are supported through training and education to enhance their knowledge, confidence, competence and compassion in performing their roles.
- **The Patient** – that each patient receives high end of life care that is appropriate to his/her needs and wishes.
- **The Family** – that family members are provided with passionate support and, subject to the patient’s consent, given information before, during and after the patient’s death.

ARTS & HEALTH DEPARTMENT

Can you see what I see?

The AHF were delighted to support this exhibition which was a series of hand painted illustrations informed by listening to people with dementia, and to those that support them. The purpose of the series was to complement dementia awareness campaigns, and add to the general public’s knowledge of dementia so people can understand the disease together and support each other.
