OUR VISION
To be an independent not-for-profit health foundation that seeks to advance healthcare in a way that:

• Is centred upon the dignity of every human being.
• Treats mind, body and spirit holistically.
• Provides equal access to healthcare based upon the basis of need.

OUR MISSION
A voluntary Foundation committed to supporting education, policy and research to advance and promote equitable health & healthcare in Ireland, with a particular focus on Tallaght University Hospital and the community it serves.

OUR VALUES
• Equal access to quality healthcare for all.
• Respect for the patient’s dignity, and their right to self-determination over their healthcare.
• Independence in opinion and action of the Foundation and Medical Practitioners, including but not confined to the fields of ethics and genetics.
• Support public and patient involvement in health and wellbeing.
• Support Tallaght University Hospital, as a voluntary hospital, and the community it serves.
• Evidence-based healthcare provision.
• The promotion of excellence in health education and research.
This Annual Report reflects the work of the Foundation over the last year. We are fortunate to have a very dedicated, committed and experienced Board and I would like to welcome our two new members – Lesley Williams and Hugh Sullivan – and also to take this opportunity to thank all our Board members for their generosity of time in fulfilling their roles.

Our Charter discussions, which featured last year at our AGM, have been completed and our engagement with Tallaght University Hospital and with the Meath Foundation have led to a very positive outcome regarding amendments to the Charter. We are pleased that the amended Charter reflects and remains true to the legacy of the original mission and charter of the Adelaide Hospital. The first draft Ministerial Order has now been completed by the parliamentary drafters.

In the implementation of our Mission we continue to demonstrate this by our support for:

- Nursing Education – students and staff
- Adelaide Health Policy research
- Healthcare Advancement Fund
- Direct healthcare projects – both community and hospital based

We are currently in the process of reviewing our research strategy. This has been both challenging and exciting for our Board. Many thanks are due to our sub-group and it’s Chair Dr Gerard O’Connor for drawing up a structure enabling this work to progress.

In keeping with our overall and on-going work on governance we are in the process of updating our Memorandum and Articles. A special thanks here to Philip Odlum for his continued work on this – despite his recent retirement from the Board. Updating the constitution is extremely important to support our compliance with both charities and financial regulation.

The Report on Voluntary Organisations, commissioned by the Department of Health & Children, was published in February 2019. While acknowledging the role played in health by voluntary organisations, it has made twenty four (24) recommendations, including the topics of governance and ethos.

Our investments continue to be overseen very carefully and prudently by our Investment sub-group, as indeed also are our finances with the Finance sub-group. The work of the Support sub-group and the Education sub-group continue to enhance the work of the Foundation.

On behalf of my fellow directors I would like to thank our Board members who have resigned during the last year – Philip Odlum, Dr Joe Barry, Karen Farrar, and Alan Gillis – all of whom gave and brought an expertise and life-long service to our Foundation.

Finally may I acknowledge the continuing professional work of our Foundation Manager Niamh Gavin who continues to juggle all the demands of the Board and of the various sub-groups, and in the past year promoting an outward looking focus across the hospital and the community by developing and strengthening relationships. Many thanks to Esther Nyambura in her supportive role to Niamh and to the Foundation.

Catherine Mac Daid, RGN, M.Sc.,
Chair
Adelaide Health Foundation
May 2019
As Foundation Manager for the Adelaide Health Foundation, it is my responsibility to manage and administer on behalf of the Board and concurrently be in a position to reassure the Board that all governance matters – legal, regulatory and financial are fully compliant with all legislation and all good practice. Governance remains a strong focus of the Foundation, and we are in the process of adopting the Charity Regulator’s code in preparation for mandatory reporting.

Investment in nursing continued to be a key area of support for the Foundation in 2018 and is growing year on year. Support is delivered in the main through Bursaries and Scholarships. Demand for bursaries was unprecedented in 2018 with the majority of applicants being eligible for support. Our criteria are quite strict and in line with those of SUSI, so while it is concerning to see the level of demand, we know there is a real need and that without this basic support, some student nurses would not be able to continue their studies.

To date, the AHF have funded 561 Bursaries, to the tune of over €1.1m.

I work closely with the Director of Nursing, liaising on other projects that tie in with our mission and make a real difference within TUH. We are particularly pleased to support the Dementia Champions project – which involves investment in dementia education for TUH Nursing and Healthcare staff over a 3 year period.

We are currently restructuring our research pillar – with a move towards commissioning research – again in line with our Strategy and with what is going on in the wider healthcare sector, including Sláintecare.

We are focussed on supporting patients and patient care in Tallaght Hospital and the community it serves. This extends beyond the Hospital gates and indeed nationwide. We have put significant effort into our Community Health Initiative Scheme, which again has experienced unprecedented demand. The Support sub-group recently had a challenging time reviewing a bumper number of applications, mostly from small community organisations. Funding requests are wide and varied – for example, recently we provided funding for a defibrillator in a community centre and for people to be trained in its use. Such grass roots causes will remain a key area for the Foundation to support.

Much was achieved in 2018 and 2019 is shaping up to be even more productive. Thanks to all of the Foundation’s members and supporters, and to Esther for her can-do approach to make things happen.

I would like to thank the Chair for her unstinting support. I am most fortunate to have a very active and committed Board who enable the Foundation to embrace change. This will serve to position the Foundation to be future facing, whilst continuing to meaningfully respect it’s legacy.

With very best wishes

Niamh
SINCE 1998, THE ADELAIDE HEALTH FOUNDATION HAVE FUNDED HOSPITAL PROJECTS ACROSS 25 DEPARTMENTS TOTALLING €835K. PROJECTS RANGE IN VALUE FROM €200 TO €200K.

PLUS

NURSING BURSARIES- TOTAL €1.1M

COMMUNITY PROJECTS FUNDED SINCE 2011
STRUCTURE GOVERNANCE & MANAGEMENT

Legal and administrative details

The Foundation is a company limited by guarantee without share capital. The governing document is a ‘Memorandum and Articles of Association’.

The Foundation is composed of Life and Annual Governors and is managed by a Board of Directors appointed from amongst its Governors. The Governors are appointed from the membership of the Foundation which is open to all who wish to support its work. Members pay an annual subscription to the Foundation. The Board also has power to co-opt any person to be a member of the Board.

The Adelaide Health Foundation had members in common with the Adelaide Hospital Incorporated until 31 July 1996 when the Hospital became a constituent Hospital of the Adelaide & Meath Hospital, Dublin incorporating the National Children’s Hospital (Tallaght University Hospital).

The Foundation currently has the right to nominate 1 member to the Board of Tallaght University Hospital under the Hospital Charter.

At December 2018 there were 17 Directors of the Board of the Adelaide Health Foundation. All Directors give of their time voluntarily. In addition to attending at Board Meetings, many Directors actively guide the work of the organisation through membership of Board sub-groups.

The following sub-groups were in place in 2018:

- President’s Committee
- Investment sub-group
- Governance sub-group
- Finance & Audit sub-group
- Adelaide Health Policy Programme [AHPP] sub-group
- Support sub-group
- Education sub-group

There is a facility to convene ad-hoc sub-groups to consider particular projects. During 2018, the AHPP morphed into a temporary Research sub-group which met on a number of occasions.

All sub-groups have defined Terms of Reference and meeting frequency. Sub-group membership includes at least two Board Directors, meetings are minuted and the Foundation Manager attends all meetings.

Board meetings take place five times a year, generally on the 2nd Monday of the month in which the meeting falls. The AGM is held annually on the last Wednesday in May.

The organisation is managed on a day to day basis by the Foundation Manager, working with a part time administrator.

No-one in the organisation has a remuneration package exceeding €81.5k.

OBJECTIVES AND ACTIVITIES

Purpose and Activities

The Adelaide Health Foundation [AHF] is a voluntary charitable organisation which has as its principal object the advancement of healthcare.

The AHF is based in the Adelaide and Meath Hospital Dublin (Incorporating the National Children’s Hospital), known and referred to in this report as “Tallaght University Hospital”.

The AHF supports Tallaght University Hospital, evoking public support throughout Ireland for a public voluntary teaching hospital which provides the highest quality of healthcare to every denomination, fostering an inclusive approach to medical and nursing practice, treating every patient as they would wish.

The Adelaide Health Foundation’s Core Values

• Equal access to quality healthcare for all.
• Respect for the patient’s dignity and right to self-determination over their healthcare.
• Independence in opinion and action of the Foundation and Medical Practitioners, including but not confined to the fields of ethics and genetics.
• Support public and patient involvement in health and wellbeing.
• Evidence-based healthcare provision.
• The promotion of excellence in education and research.
• Support Tallaght University Hospital, as a voluntary hospital, and the community it serves.

How the Foundation delivered on its Activities in 2018

Main Activities

During 2018, the AHF’s funding was expended across 4 main areas:
1. Support of Nursing Staff and Students
2. Adelaide Health Policy Programme
3. Healthcare Advancement Fund
4. Direct Healthcare Projects

1. Support of Nursing Staff & Students

Nursing Applications

A main focus of the AHF is to develop and support Nursing in Tallaght University Hospital. The Adelaide School of Nursing links with Trinity College and the Central Applications Office [CAO], under a restricted Leaving Certificate nursing course. All applicants expressing interest in this course are required to demonstrate their appreciation of the value and ethos of the Adelaide. A sub-group of the Board evaluate the applications and make nominations.

In 2018, the AHF nominated a total of 341 applicants and out of these nominations, 33 students were admitted to the Adelaide School of Nursing through the CAO.

Nursing Bursaries

Demand for Bursaries in 2018 was at the highest level ever. These bursaries help ease the financial burden on nursing students, enabling them focus on their studies as they work towards achieving their nursing degree. In 2018 a total of €165,625 was awarded to 76 new and continuing students.
Nursing Scholarships

The 2018 Hannah McDowall Scholarship was awarded to Laura Giffney for her distinguished performance in her first year TCD examinations.

2. Adelaide Health Policy Programme [AHPP]

In 2018, the AHF continued to commit substantial resources to the development of health policy. The AHPP is based in the Department of Public Health and Primary Care, Trinity College. In 2018, the Programme funded the salary of a Trinity Assistant Professor for work on Health Services Research.

This funding arrangement with Trinity College ceased in December 2018.

3. Healthcare Advancement Fund [HAF]

The Board approved funding for a two year Department of Endocrinology project entitled ‘Optimising Metabolic Health in reproductive Endocrinology clinic’.

The project will address:
- Prevalence of risk factors for and early evidence of diabetes, cardiovascular disease and bone health within a Reproductive Endocrinology service
- The feasibility of and barriers to screening for these risk markers
- The resources needed to maintain such a service on an ongoing basis.

The HAF also provided funding for keyring pill boxes for patients of the Dialysis Department, to make it easier for them to adhere to their medication regime.

4. Direct Healthcare Projects

There are two streams of healthcare projects funding. The Community Healthcare Initiative Scheme funds projects in the local community and the New Initiatives Scheme funds projects in Tallaght University Hospital.

Community Healthcare Initiative Scheme

A record number of applications were received for funding under this Scheme and awards totalling €29,518 were made to the following organisations:

- **Anam Cara**
  To run bereavement support sessions for bereaved parents

- **Barnardos**
  Tallaght Teen-Parent Support Programme

- **Foroige Tallaght**
  The Strengthening Families Programme. A 14 week course to help families build relationships with the aim of reducing the chance of their children abusing alcohol or drugs

- **Kingswood/Kilnamanagh Active Age Club [Men]**
  To purchase a defibrillator for the Club and train the men in its use

- **New Hope Residential**
  1 to 1 key worker led support sessions, to assist clients explore areas of concern towards their journey out of addiction
• **Pieta House**  
  To purchase tablet devices to circulate “Resilience Academy” course materials during mental health classes

• **Saoirse Women’s Refuge**  
  To run an afterschool programme for children living in refuge

**New initiatives Scheme**

In 2018, the Foundation awarded grants totalling €19,643 to Hospital departments under the New Initiatives Scheme.

Departments and Projects funded included:

- **Arts** - Can you see what I see?
- **Pastoral Care** - Atmospheric/mood lighting for Hospital Chapel
- **Occupational Therapy** - Enhancing OT rehabilitation of complex pain and movement problems using Graded Motor Imagery
- **Physiotherapy**  
  - Software to support and work with gait plates for moulding orthotics and casts for patients
  - Provide MOT0med exercise equipment that encourages more physical activity for patients
- **Renal Psychology** - To introduce a psychology service to patients with chronic kidney disease

The AHF also supported the work of Tallaght University Hospital’s Social Work Department.

**Voluntary Assistance**

The traditional Patient Pound Day Fund was renamed the Patient Well Being Fund.

The following projects were approved from the fund in 2018:

- **Recliner chairs for each of the 12 Hospital Wards**  
  – predominately for Patients with respiratory problems who need to sleep sitting up but also for family members staying with critically ill patients who wish to stay at their bed side to make their experience more comfortable.

- **Refurb William Stokes Unit Day Room**  
  – to revamp the area providing new seating and tables to facilitate care planning meetings, patient dining and art therapy sessions. Less formal seating area that will allow families sit and chat with their relatives away from the ward. In short, to allow patients receive the holistic, patient centred care that they need.

- Towards the end of the year, funding of €36k was approved for a 3 year project to enhance the Care of Patients with Dementia through training of Dementia Champions. Funding for Year 1 of this program is through the Patient Well Being Fund.

The fund is being wound down in conjunction with the 20th anniversary of the Hospital.

**Members & Donors**

Members, friends and supporters throughout Ireland support the work of the Foundation in a remarkable way, as well as parishes and local churches throughout Ireland.

The AGM was held in The Celbridge Manor Hotel on Saturday 14th October 2018.

We had a successful meeting and an enjoyable lunch afterwards with the usual meeting up with colleagues and friends. There were reunions of groups from different years.

Our London Branch met on Thursday 16th May in The Sloane Club to celebrate their 50th year.

The Benevolent Fund continues to support members in times of need. This work is undertaken in strictest confidence and the committee are to be thanked for their continued good work in the distribution of the funds.

The 2019 AGM will be held on 19th October in Midland Park Hotel, Portlaoise.

Hazel Caird
President, Adelaide Hospital Nurses League.
